

### **General information**

Shows, organized by Felis Belgica, follow the rules and [regulations of FIFe](#).

All exhibitors must follow the FIFe code of ethics for exhibitors when participating to FIFe shows.

FIFe shows have 4 categories:

- Category 1: Longhair & Semi-longhairs, judged by colour
- Category 2: Semi-longhairs, judged in colour groups
- Category 3: Short hairs
- Category 4: Oriental & elegant breeds, Rexes and Naked breeds

For every category, Best in Show awards are reached out to the best female, best male, best female and male neuter, best junior 8-12 months and best kitten 4-8 months.

Besides those, we know: Best Housecat, Best Veteran, Best litter

Start of the BIS is around 15h30.

The end of the show is in general 18h00, except when the BIS is not yet finished.

### **Accepted cats**

All cats, showed on FIFe-shows, should be registered in the pedigree of a FIFe-club. Allowed exceptions:

- housecats
- novices
- cats of exhibitors, whom aren't member of a FIFe-club

The minimal age of cats on show is **4 months**

The claws of the cats have to be clipped before arriving at the show hall.

Cats with ID-Tattoo are accepted for show.

All housecats, older than 12 months, have to be neutered.

Cats which are not touchable, receive a yellow card from the judge as a warning. When a cat received 2x a yellow card on a FIFe show, this cat will be prohibited to take part of future shows.

### **Medical conditions**

Vaccinations:

- All cats must be vaccinated against cat flew and cat disease. The vaccination must be min. 15 days old.
- Foreign cats must be vaccinated against rabies. The vaccination must be min. 21 days old.

Foreign cats must be chipped.

White cats must have a veterinary certificate of not being deaf.

If it is noticed during the show, that a cat has symptoms of disease, the cat will be removed from the show hall, together with all other cats of the same exhibitor.

Veterinary control: from 7h00 - 8h00

**Show classes**

A cat must be shown in the correct class. For the higher classes, having obtained a FIFE-title is obligatory. As soon as the cat has gained the required certificates (only FIFE certificates are valid) for the registration of a higher title, it is obligatory to show the cat in question in that higher class, according to the title.

Exhibitors which are not member of a FIFE-club, can only register for the following classes:

- kittens (4-8 months)
- juniors (8-12 months)
- open class (from the age of 12 months)
- neuter class (from the age of 12 months)

entry for higher classes is only possible when being a member of a FIFE-club.

### Technical details

Size of the cages: 65 x 66 x 66 cm.

Each set of cages has doors between them which can be opened to enlarge the cage. Sets exist out of 2 or 3 cages.

### Forbidden

It is forbidden to exhibit following cats on a Felis Belgica show:

- wild cats
- breeds, which originate from a genetic disease (dwarfism, physical defects, ...) as there are e.g. the Munchkin and the Scottish Fold
- outcrosses from wild cats or hybrid cats from the generations F1 to F4.

It is forbidden to remove cats from the show hall before the end of the show, unless there has been a special permit granted by the show manager. Early departure leads to disciplinary measurements, i.e. exclusion from Felis Belgica shows for the rest of the calendar year and withdrawal of the obtained certificates on the show.

### The statement "for sale" is not allowed
